

## Robinson Community Needs Assessment - Commuter Survey

The City of Robinson, in partnership with the Illinois Housing Development Authority (IHDA), is undertaking a planning effort within the city (see map). This survey is the first step in that planning process to gather community input as a baseline for future community planning meetings and a final plan document. The City of Robinson, and IHDA invite you to be part of this Community Revitalization Strategy process by participating in the "Community Needs Assessment Survey." The survey is completely anonymous and does not collect any identifying information. You should be able to complete the survey in under 10 minutes. Your participation will help our agency and the City of Robinson strategize for future planning and investment, and identify community needs and goals. Please answer the questions based on your own perceptions of Robinson, even if you do not reside there.
